

# A Big Loud NO to redrawing IL-03

To the Illinois House Redistricting Committee -

As a long-time resident of IL-03, I am writing to strongly support keeping the boundaries of IL-03 as close as possible to where they are now. We here in IL-03 have worked hard to build a racially diverse and dynamic community that celebrates our urban neighbors working for good alongside our suburban residents. We are doing great things here in this district, and we do not want to be divided, pushed out and rearranged.

Hands off IL-03, if you please.
